You are cordially invited to submit entries for our annual design competition. Categories are as follows:

- Residential, Multi-Family, Non-Residential or Historic Preservation
  - Built
  - Unbuilt
- Residential interior or featured element
- Non-residential interior or featured element

Gold, Silver and Bronze Award medals may be awarded.

**Submission Regulation / Format:**
Submissions must be on 40”x40” foam core boards (AIANJ Design Day Awards format). Boards may include, but not limited to CAD drawings, hand drawings, renderings and photographs. All projects are to have been designed or built after January 1, 2015.

**Eligibility:**
The program is open to registered architects who are regular members or professional associate members in good standing of AIA Newark and Suburban Architects. Submissions can be by members in a joint venture with another firm, however submissions cannot be by members who are the client.

Individuals that are not members of AIA/NS are not eligible to enter. All submissions must bear the New Jersey address of the architect of record in order to qualify. The program is open to architectural, interior, and planning projects of all sizes, types, scopes and complexity.

**Submittal Procedure:**
If the architect’s name is indicated, it shall be completely covered in a temporary fashion, so that the covering can be removed after the jury review. It is preferred that the name of the Architect be located in the bottom 2” of the board, similar to the submission requirements of the AIA New Jersey State Awards Program. Additionally, the board can feature the name of the project, location, a description and any other relevant information. For all submittals, the architect’s name and address is required to be attached to the back of the board in an opaque sealed envelope.

A thumb drive must accompany each entry, taped to the back of the board. It should contain several images from the submission, and an image of the complete board.

Submission of thumb drive grants AIANS to feature images on [www.aians.org](http://www.aians.org).
Entering this competition is express agreement allowing display of boards in public venue.
